QUANTENNA COMMUNICATIONS RANKED 31ST FASTEST GROWING COMPANY IN NORTH AMERICA ON DELOITTE'S 2015 TECHNOLOGY FAST 500™

Attributes 3,230% Percent Revenue Growth to Continuous Innovations of Ultra High Performance Wi-Fi Semiconductor and System Software Solutions for Home, Enterprise and Public Spaces

Fremont, Calif., November 13, 2015 -- Quantenna Communications, Inc. the leader of ultra-high performance Wi-Fi, today announced it ranked number 31 on Deloitte's Technology Fast 500™, a ranking of the 500 fastest growing technology, media, telecommunications, life sciences and energy tech companies in North America. Quantenna grew 3,230% from 2011 to 2014, ranking second in semiconductor industry.

Quantenna's chief executive officer, Dr. Sam Heidari, credits the company's revenue growth to its ultra high performance Wi-Fi chipsets and the ever-increasing demand for Wi-Fi performance from connected devices in home, enterprise and public space. Dr. Heidari said, "We are honored to be named one of the fast growing companies. This recognition validates again our vision and our hard work. Quantenna was the first to deliver 4x4 chipsets for the 802.11n and 802.11ac Wi-Fi standards. Our team continuously strives to go above and beyond. Now with our latest 10G Wave 3 product family, we are delivering unprecedented Wi-Fi performance, reliability and capacity for high-density environments, and can address both the service provider, retail and enterprise market segments."

"Amid a fierce business climate, there seems to be no shortage of new and established companies that are unlocking a seemingly unlimited potential for growth and advancement through technology's continued disruption and proliferation across industries," said Sandra Shirai, principal, Deloitte Consulting LLP and U.S. technology, media and telecommunications leader. "It is inspiring to witness the innovative ways that companies are incorporating emerging technologies for business gains, be it cognitive computing, or the Internet of Things. We congratulate all those ranked on this year's Fast 500 and look forward to seeing their continued growth into 2016."

"Through the efforts and utilization of new and emerging technologies from these companies, we are witnessing greater business demands from across almost all industries," added Jim Atwell, national managing partner of the emerging company practice, Deloitte & Touche LLP. "We look forward to the opportunity to serve these companies as they strive to grow to the next level – be it towards introducing new solutions or entering new markets – and with it make important and long lasting impressions on the technology market as a whole."

Overall, 2015 Technology Fast 500™ companies achieved revenue growth ranging from 109 percent to 21,984 percent from 2011 to 2014, with an average growth of 850 percent.

About Deloitte's 2015 Technology Fast 500™

Deloitte's Technology Fast 500 provides a ranking of the fastest growing technology, media, telecommunications, life sciences and energy tech companies – both public and private – in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2011 to 2014.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

About Quantenna Communications, Inc.

Quantenna is the global leader and innovator of ultra-high performance Wi-Fi semiconductor and system software solutions that establish benchmarks for speed, range, efficiency and reliability. Quantenna continues to innovate and introduced the world's first 10G Wave 3 Wi-Fi technology for a new generation of access points in home, enterprise and public spaces. Quantenna Wi-Fi solutions are generations ahead of any other available solution; while transmitting faster, reaching farther and serving more devices more reliably than any other Wi-Fi solution ever created. Coupled with MAUI, the cloud-based Wi-Fi analytics platform, service providers can deliver real-time, automated Wi-Fi monitoring, optimization, and self-healing to their customers around the clock to offer the best Wi-Fi experience. Quantenna's Wi-Fi chipsets are being deployed by Tier One retail OEMs and telecom, cable and satellite service providers worldwide including AT&T, DirecTV, Orange and Telefonica. With the industry's highest performing Wi-Fi solutions, Quantenna is Wi-Fi Perfected. For more information visit,
